

Scholarships, Discounts & Tuition Credits

At SCA, we are committed to the idea that the cost of a Christian education should not be a barrier to a family who would like to give this gift to their children. Knowing that a tuition-based education can be financially challenging for some families, we have developed the following sources of financial aid and tuition credits.

Please note that the actual operating cost for one student at SCA is \$6000. Through generous donations and school fundraisers we are able to offer a tuition that is considerably lower. Please commit to supporting the SCA fundraising program.

Tuition Scholarship Fund: (Excludes Pre-School students)

For the 2008-2009 school year, SCA is expecting to raise funds to distribute to SCA families through the Tuition Scholarship Fund. Any interested family may complete a SCA tuition scholarship application. The amount awarded to each family is based on need and recipients are expected to maintain a 75% GPA or above in order to be considered the following year. Parents of recipients are required to commit AMEN hours: (attend all school meetings, evening events, and work at least two fundraisers.) Of course, your participation in your child's education is invaluable and your continued volunteer help is greatly appreciated!
